INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
Federation of Appalachian Housing Enterprises, Inc.
Berea, Kentucky

Report on the Financial Statements

We have audited the accompanying combined financial statements of Federation of Appalachian Housing Enterprises, Inc. (a non-profit organization), which comprise the statements of financial position as of June 30, 2014 and 2013, and the related statements of activities and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Federation of Appalachian Housing Enterprises, Inc., as of June 30, 2014 and 2013, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The schedules of functional expenses on pages 33 and 34, the statements of financial position – NeighborWorks America Capital Fund on page 35, the statements of activities –

CRAFT, NOBLE & COMPANY

www.craftnoble.com

NeighborWorks America Capital Fund on page 36 and the Computation of Adjusted Net Worth for Approval of Non-Supervised Mortgagees Other Than Loan Correspondents on page 37 are presented for purposes of additional analysis and are not a required part of the financial statements. The accompanying schedule of expenditures of federal awards on page 27, as required by Office of Management and Budget Circular A-133 *Audits of States, Local Governments, and Non-Profit Organizations* is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued a report dated September 4, 2014 on our consideration of Federation of Appalachian Housing Enterprises, Inc. internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Federation of Appalachian Housing Enterprises, Inc.'s internal control over financial reporting and compliance.

FEDERATION OF APPALACHIAN HOUSING ENTERPRISES, INC.
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014 AND 2013

Note 1 – Organization

Federation of Appalachian Housing Enterprises, Inc. (FAHE or the Organization) is a non-profit organization that was founded in 1980 to serve Appalachia via a network of non-profits. FAHE's mission is to lead this network to sustainable growth and measurable impact through a collective voice, and provide access to capital to meet the housing and community development needs of the region. FAHE currently has 55 members located throughout its core service region of Alabama, Kentucky, Maryland, Tennessee, West Virginia, and Virginia. Members include housing authorities, community development housing organizations, community action agencies, mental health agencies, and Habitat for Humanity affiliates, all who share a commitment to improving their local community by providing safe, decent and affordable housing options. FAHE works toward this mission by focusing financing, technical expertise, and advocacy on building economic opportunity and individual and community asset building.

FAHE is designated a Community Development Financial Institution (CDFI) by the US Treasury. As a CDFI, FAHE offers two clusters of loan products, one for nonprofit corporations who serve low-income populations and the other for low-income populations directly for home purchase.

- Loans to Nonprofit Corporations - Financial products provided to members and partner Community Development Corporations (CDCs) include: 1) affordable housing development loans for single-family construction, 2) affordable housing development loans for multi-family construction, and 3) working capital loans or business loans. The target market end user of these loans is the low-income targeted population or low-income communities.
- Loans to Individual Borrowers - FAHE provides loans directly to borrowers for home purchase. FAHE is an approved FHA and USDA lender offering a combination of loans held on balance sheet, loans sold off balance sheet, and loans packaged to USDA Rural Development and State Housing Finance Agencies. In addition to traditional mortgage products, FAHE provides subordinated loans to low-income homebuyers to ensure affordability. The subordinated finance can be in the form of an amortized loan or as a soft second for down payment assistance. FAHE services loans under third-party contracts for companies who wish to outsource this highly specialized and technical activity.

FAHE Capital Corporation I, a wholly-owned subsidiary of FAHE, was formed in 2000 to syndicate private investments from corporations, generating a market rate return delivered through a federal tax credit. Investments raised through Low Income Housing Tax Credit Equity Funds managed by FAHE Capital Corporation I and a partner, Virginia Community Development Corporation, facilitated the creation/preservation of affordable rental housing.

FAHE Consulting, LLC, a wholly-owned subsidiary of FAHE, was formed in 2006 to help communities connect to opportunities by providing turn-key consulting services to nonprofits, municipalities, and others who wish to accomplish community development outcomes but who lack the technical expertise or personnel to achieve their desired outcomes. FAHE Consulting assists with filing applications for federal, state and local funding by overseeing the development process, securing construction and permanent financing, facilitating and tracking construction progress and preparing any and all required project reports.

In 2011 FAHE established FAHE TN, LLC. This entity is domiciled in Tennessee and was created to provide access to investments through Tennessee's Community Investment Tax Credit Program.

FAHE facilitates networking opportunities to its members through state caucuses and semi-annual membership meetings to create a public forum for advocacy in both the private and public sectors. FAHE provides access to pass-through grants to members when funding is available.

FEDERATION OF APPALACHIAN HOUSING ENTERPRISES, INC.
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014 AND 2013

Note 1 – Organization (Continued)

In fiscal year 2014, FAHE directly invested \$80 million in the region and our members served over 8,300 families. Additionally, total capital under management, including loans serviced for other organizations, topped \$209 million. Since 1980, FAHE and its members have built or preserved more than 89,700 homes, and have made over \$469 million in direct investment for a total impact of \$1 billion.

Note 2 – Summary of Significant Accounting Policies

Principles of Combination

The financial statements include the combined statements of the Organization and its subsidiaries, FAHE Capital Corporation I, FAHE Consulting, LLC and FAHE TN, LLC. Accordingly, all significant inter-company balances and transactions have been eliminated.

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with generally accepted accounting principles. Net assets and revenues, expenses, gains, and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, net assets of the Organization and changes therein are classified and reported as follows:

- Unrestricted net assets – Net assets that are not subject to donor-imposed stipulations.
- Temporarily restricted net assets – Net assets subject to donor-imposed stipulations on the original and/or revolving proceeds that may or will be met, either by actions of the Organization and/or the passage of time. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the Statement of Activities as net assets released from restriction.
- Permanently restricted net assets – Net assets subject to donor-imposed stipulations that they be maintained permanently by the Organization. Generally, the donors of these assets permit the Organization to use all or part of the income earned on any related investments for general or specific purposes.

Cash and Cash Equivalents

For purposes of the Statements of Financial Position and the Statements of Cash Flows, the Organization considers all highly liquid investments with an initial maturity of three months or less to be cash equivalents unless held by investment managers as part of the investment portfolio.

FAHE maintains an \$800,000 compensating balance arrangement with Commercial Bank against a \$6 million line of credit.

Cash received from grants and held with temporary restrictions at June 30, 2014 and 2013 was \$1,608,852 and \$1,486,658, respectively. Cash permanently restricted for loans to clients at June 30, 2014 and 2013 was \$406,956 and \$818,318, respectively.

FEDERATION OF APPALACHIAN HOUSING ENTERPRISES, INC.
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014 AND 2013

Note 2 – Summary of Significant Accounting Policies (Continued)

Investments

The organization carries investments in equity securities with readily determinable fair market values and all investments in debt securities at their fair values in the Statement of Financial Position. Unrealized gains and losses are included in the change in net assets in the accompanying Statement of Activities. The Organization holds two investments that are recorded using the equity method, due to no fair value or equivalent being readily determinable.

Mortgage Notes Receivable

Mortgage and Notes receivable are stated at the outstanding principal balance, less an allowance for loan losses. The allowance for loan losses is increased by charges to the change in net assets and decreased by charge-offs (net of recoveries). Interest income on the notes is recognized at the stated rate in the promissory note net of an interest allowance given to the borrower by the Organization based upon the need of the individual.

Since the interest rate charged to the borrowers corresponds with the customary rates applicable to the low-income housing industry, the Organization considers these rates to be reasonable and has not made any adjustment for imputed interest that would be applicable to higher interest rate conventional housing loans.

Allowance for Loan Losses

It is the policy of the Organization to provide valuation allowances for estimated loan losses. The allowance for loan losses represents management's best estimate of future bad debts. Additions to the allowance are charged to earnings. Accounts written off are charged against the allowance. Recoveries are credited to the allowance reserve.

Fixed Assets

The Organization capitalizes all expenditures for fixed asset acquisitions in excess of \$500. Fixed assets are carried at cost or, if donated, at the approximate fair value at the date of donation. Depreciation is computed on a straight-line basis over the useful lives of the assets generally as follows:

Building and improvements	39 years
Computers and data handling equipment	3 years
Vehicles and equipment	5 years
Furniture and fixtures	5 years

During the years ended June 30, 2014 and 2013, depreciation expense was \$110,071 and \$93,371, respectively.

The Organization amortizes leasehold improvements over the shorter of the term of the lease or the economic life of the asset purchased. FAHE moved the Capital and Consulting operations from the Abney building to the Peoples Bank Building in June 2010. These improvements have been fully amortized over the shorter of the term of the lease of two years, which amortization was fully expended in fiscal year 2012.

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014 AND 2013

Note 2 – Summary of Significant Accounting Policies (Continued)

Fixed Assets (Continued)

A summary of property and equipment at June 30 is as follows:

	<u>2014</u>	<u>2013</u>
Land	\$ 35,000	\$ 39,248
Building	3,505,471	841,287
Building Improvements	28,556	28,556
Equipment and Vehicles	<u>539,677</u>	<u>535,383</u>
Subtotal	4,108,704	1,444,474
Accumulated Depreciation	<u>(579,078)</u>	<u>(509,570)</u>
Net Land and Depreciable Assets	<u>3,529,626</u>	<u>934,904</u>
Leasehold Improvements	28,295	28,295
Accumulated Amortization	<u>(28,295)</u>	<u>(28,295)</u>
Net Amortizable Assets	<u>-</u>	<u>-</u>
Total Net Property and Equipment	<u>\$ 3,529,626</u>	<u>\$ 934,904</u>

During the fiscal year ended June 30, 2013, the Organization began construction on a new office building. As of June 30, 2014, the current investment in the project was \$2,800,901. Depreciation on the building will begin when the asset is placed in use. The Organization moved into the new building August 2014. The total estimated cost of completion for the project is \$3,000,000.

Revenue Recognition

Contributions received are recorded as increases in unrestricted, temporarily restricted, or permanently restricted net assets, depending on the existence and/or nature of any donor imposed restrictions. All donor-restricted contributions are reported as increases in temporarily or permanently restricted net assets, depending on the nature of the restriction. When a restriction expires (that is, when a stipulated time restriction ends or purpose restriction is satisfied), temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statements of activities as net assets released from restrictions.

Income Tax Status

The organization is recognized as a tax-exempt organization under code Section 501(c)(3) of the Internal Revenue Code. Accordingly, no provision for federal income tax has been made. In addition, the Organization has been classified as an Organization that is not a private foundation under Section 509(a).

The Organization is not aware of any unrelated business income as of June 30, 2014. In Accounting Standards Codification (ASC) 740-10-50, *Income Taxes*, (formerly FIN 48, *Accounting for Uncertainty in Income Taxes*) the Financial Accounting Standards Board (FASB) requires entities to disclose known or anticipated positions of income tax uncertainty. The Organization is not aware of any uncertain tax positions that would require adjustment to the financial statements. The Organization files income tax returns in the U.S. federal jurisdiction. Generally, the Organization is no longer subject to income tax examination by the U.S. federal, state or local tax authorities for years before 2011.

FEDERATION OF APPALACHIAN HOUSING ENTERPRISES, INC.
 NOTES TO FINANCIAL STATEMENTS
 JUNE 30, 2014 AND 2013

Note 2 – Summary of Significant Accounting Policies (Continued)

Compensated Absences

The Organization revised its personnel policies regarding employee vacation and sick time beginning calendar year 2010. Previously, upon separation of service, employees could be paid up to a maximum of 80 accrued sick hours and 160 accrued vacation hours. As of January 1, 2010, employees will not receive pay for accrued sick time upon separation of service with the exception of sick hours earned and not spent as of December 31, 2009. However, accrued vacation time can now be paid out up to a maximum of 352 hours. The employee earns accrued time based on job classification, length of service, and other factors. The liability accrued for compensated absences is limited to the actual amount that would be payable to the employee in the event of separation from employment. The amount is calculated based on multiplying the representative hourly wage by the number of accrued hours.

Estimates

Management uses estimates and assumptions in preparing financial statements. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenues and expenses. Actual results could differ from those estimates.

Functional Allocation of Expenses

The costs of providing various programs and other activities have been summarized on a functional basis in the statement of activities and detailed in the statement of functional expenses. Accordingly, certain costs have been allocated among the programs and supporting services benefited.

Note 3 – Investments and Fair Value Measurements

Investments held by the Organization consisted of the following as of June 30, 2014:

	<u>Cost</u>	<u>Market Value</u>	<u>Unrealized Appreciation</u>
KY NWA Alliance investment	\$ 600,000	\$ 617,461	\$ 17,461
Scenic States investment	-	26,289	26,289
FHLB stock	88,500	88,500	-
Balance, June 30, 2014	<u>\$ 688,500</u>	<u>\$ 732,250</u>	43,750
Balance, June 30, 2013	<u>\$ 675,700</u>	<u>\$ 697,137</u>	21,437
Unrealized gain on investments			<u>\$ 22,313</u>

The Organization has categorized its financial instruments, based on the priority of the inputs to the valuation technique, into a three-level fair value hierarchy. The hierarchy gives the highest priority to unadjusted quoted prices in an active market for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). If the inputs used to measure the financial instruments fall within different levels of the hierarchy, the categorization is based on the lowest level input that is significant to the fair value measurement of the instrument. Financial assets and liabilities recorded on the statement of financial position are categorized based on the inputs to the valuation techniques as follows:

Level 1 – Financial assets and liabilities whose values are based on unadjusted quoted prices for identical assets or liabilities in an active market that the Organization has the ability to access.

FEDERATION OF APPALACHIAN HOUSING ENTERPRISES, INC.
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014 AND 2013

Note 3 – Investments and Fair Value Measurements (Continued)

Level 2 – Financial assets and liabilities whose values are based on quoted prices in markets that are not active or model inputs that are observable whether directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in non-active markets;
- Pricing models whose inputs are observable for substantially the full term of the asset or liability; and
- Pricing models whose inputs are derived principally from or corroborated by observable market data through correlation or other means for substantially the full term of the asset or liability.

Level 3 – Financial assets and liabilities whose values are based on prices or valuation techniques that require inputs that are both unobservable and significant to the overall fair value measurement.

The Organization's fair value of securities available for sale measured on a recurring basis at June 30, 2014 and 2013 is as follows:

		<u>Fair Value Measurements at Reporting Date Using</u>		
		Quoted Prices in Active Markets for Identical Assets/Liabilities (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
<u>June 30, 2014</u>	<u>Fair Value</u>			
KY NWA Alliance investment	\$ 617,461	\$ -	\$ -	\$ 617,461
Scenic States investment	26,289	-	-	26,289
FHLB Stock	88,500	-	88,500	-
	<u>\$ 732,250</u>	<u>\$ -</u>	<u>\$ 88,500</u>	<u>\$ 643,750</u>
<u>June 30, 2013</u>				
KY NWA Alliance investment	\$ 605,993	\$ -	\$ -	\$ 605,993
Scenic States investment	15,444	-	-	15,444
FHLB Stock	75,700	-	75,700	-
	<u>\$ 697,137</u>	<u>\$ -</u>	<u>\$ 75,700</u>	<u>\$ 621,437</u>

Available-for-sale securities measured at fair value on a recurring basis using significant unobservable inputs (Level 3):

	<u>KYNWA Alliance</u>	<u>Scenic States</u>
July 1, 2012	\$ 600,000	\$ -
Total gains and losses - unrealized		
Included in earnings	5,993	15,444
Included in other comprehensive income	-	-
June 30, 2013	<u>605,993</u>	<u>15,444</u>
Total gains and losses - unrealized		
Included in earnings	11,468	10,845
Included in other comprehensive income	-	-
June 30, 2014	<u>\$ 617,461</u>	<u>\$ 26,289</u>

Fair value for investments is determined by reference to quoted market prices and other relevant information generated by market transactions. There have been no changes in valuation techniques and related inputs.

FEDERATION OF APPALACHIAN HOUSING ENTERPRISES, INC.
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014 AND 2013

Note 4 – Grant Funds Receivable

Unconditional promises to give amounted to \$311,767 and \$495,761 as of June 30, 2014 and 2013, respectively. These funds will be received in fiscal year 2015 and were received in fiscal year 2014, respectively.

Note 5 – Property Held for Resale

Property held for resale consists of foreclosure properties (REO). REO property is recorded at the lower of cost or market when recovered from the foreclosure proceedings or by a deed-in-lieu of foreclosure. The properties are recorded at book value less an adjustment of 25% to create an allowance for loan loss. FAHE has adopted a conservative approach to the valuation of foreclosures lacking an appraisal. Gains or losses from the sale of properties are recorded in the statement of activities as either gains or losses on disposal of property.

Property held for resale also consists of property preservation advances. The Organization advances funds for expenses for property preservation to protect the value of their collateral related to mortgages receivable. These expenses are shown as receivables from the borrower unless the Organization takes the property back. At June 30, 2014 and 2013, the organization held \$564,634 and \$625,018, respectively in REO property and \$71,606 and \$62,724, respectively in property preservation. The related allowances recorded as of June 30, 2014 and 2013 were \$140,166 and \$158,641, respectively for REO property. There were no allowances recorded for property preservation advances.

Note 6 – Mortgage Notes Receivable

FAHE makes loans to individual borrowers for home purchase and rehabilitation of existing homes. FAHE is an approved FHA and USDA lender offering a combination of loans held on balance sheet, loans sold off balance sheet, and loans packaged to USDA Rural Development and State Housing Finance Agencies. In addition to traditional mortgage products, FAHE provides subordinated loans to low-income homebuyers to ensure affordability. The subordinated finance can be in the form of an amortized loan or as a soft second for down payment assistance. Mortgage lending funds are made available from several different sources. These sources include federal and state grants awarded to the Organization, borrowings of lower interest funds made available by state housing agencies, grants from foundations, and revolved funds in the Organization’s various lending portfolios. Loans are made in accordance with the restrictions imposed by the various funding sources.

Mortgage notes receivable as of June 30, 2014 consist of the following balances in each fund:

Kentucky Home Loan Fund	\$ 4,748,428
AHTF Fund	222,804
HOME Program of Kentucky	7,275,520
Virginia Home Loan Fund	4,550,017
NHPR Kentucky	82,739
HOME Program of Virginia	2,192,791
West Virginia Home Loan Fund	922,280
Tennessee Home Loan Fund	977,939
Chase/NHSA	405,976
FAHE Other States	3,849,611
Total	<u>25,228,105</u>
Less: Allowance for Loan Losses	<u>(645,421)</u>
Mortgage Notes Receivable, Net of Allowance	<u><u>\$ 24,582,684</u></u>

FEDERATION OF APPALACHIAN HOUSING ENTERPRISES, INC.
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014 AND 2013

Note 6 – Mortgage Notes Receivable (Continued)

Mortgage notes receivable as of June 30, 2013 consist of the following balances in each fund:

Kentucky Home Loan Fund	\$ 5,168,813
AHTF Fund	693,158
HOME Program of Kentucky	6,878,669
Virginia Home Loan Fund	5,211,462
NHPR Kentucky	86,647
HOME Program of Virginia	2,357,642
West Virginia Home Loan Fund	1,057,017
Tennessee Home Loan Fund	856,960
Chase/NHSA	719,678
FAHE Other States	<u>1,426,398</u>
Total	24,456,444
Less: Allowance for Loan Losses	<u>(703,176)</u>
Mortgage Notes Receivable, Net of Allowance	<u>\$ 23,753,268</u>

The Organization has loan covenants with certain foundations that require the Organization to maintain certain levels of allowances to cover potential loan losses. In lieu of charging the full amount of the requirements to earnings, the Organization's Board of Directors has chosen to voluntarily designate a portion of its net assets for this purpose. The balance of the Board Designated Net Assets as of June 30, 2014, is \$600,000. This provides aggregate loan loss coverage of no less than 4.0% on the FAHE loan portfolio. Based on actual, historical delinquency trends, the Organization's management does not expect to incur any charges against this designation.

Note 7 – Notes Receivable

The Organization makes loans to Corporations. Financial products provided to members and partner Community Development Corporations (CDCs) include: 1) affordable housing development loans for single-family construction, 2) affordable housing development loans for multi-family construction, and 3) working capital loans or business loans. The target market end user of these loans is the low-income targeted population or low-income communities. Combined borrower balances of the Organization's community loan portfolio as of June 30, 2014 and 2013 are presented on the following page:

Note 8 – Allowance for Loan Losses

FAHE has an established methodology to determine the adequacy of the allowance for loan losses that assesses the risks and losses inherent in FAHE’s portfolio. For purposes of determining the allowance for loan losses, FAHE segments certain loans in its portfolio by product type. FAHE’s loans are segmented as follows: Community Loans or notes to corporations and Mortgages for single-family purchase and rehabilitation. These segments are then broken down into classes determined by length of delinquency. The Community Loans lending segment is also broken down into IRP and non-IRP classes because in order to be compliant, FAHE must maintain a loan loss reserve of at least 6% of the IRP fund, resulting in an additional loan loss calculation for that fund. The percentages have been determined based upon historical data for the Organization’s loan collections and delinquencies, and also to remain in compliance with related debt covenants. The loan loss set up for each length of delinquency is as follows:

Days Delinquent	Reserve Percentage
0-29 days	1%
30-59 days	2%
60-89 days	3%
90-179 days	5%
180+ days	25%

In addition, based on FAHE’s analysis of lending trends, FAHE has applied additional loss multipliers to the loan balances. Currently, FAHE has applied additional loss estimations to ensure that purchased loan portfolios are performing and that gains shown on those purchases are conservative. As the portfolio is cured, reserve is released either through writing off nonperforming loans or due to good performance of loans.

FAHE has also taken into account any properties conveyed back to the Organization via foreclosure or deed in lieu as an additional component of the allowance for loan losses. It is the Organization’s policy to immediately reserve 25% of the value of the note until a better estimate of property value can be acquired and the property can be written down to fair market value.

2014 Allowance for Loan Losses

	Mortgage Lending	Community Lending – IRP	Community Lending – Non-IRP	Total
Beg. Balance	\$ 703,176	\$ 30,550	\$ 469,764	\$ 1,203,490

Note 8 – Allowance for Loan Losses (Continued)

Credit Quality Information

FAHE determines credit quality of its existing portfolio by examining delinquency monthly. The following tables present performing and nonperforming real estate loans based on payment activity for the years ended June 30, 2014 and 2013. Payment activity is reviewed by management on a monthly basis to determine credit quality of the loans. Loans are considered to be nonperforming when days delinquent is greater than 30 days in the previous month. The Organization has found that it is in its best interest to consider loans past this date nonperforming instead of the traditional single-family mortgage standard of 90 days. FAHE's Loan Servicing Department has found it has the best chances of collection if contact is made with the borrower during the first month of delinquency.

Nonperforming loans also include certain loans that have been modified in troubled debt restructurings where economic concessions have been granted to borrowers who have experienced or are expected to experience financial difficulties. These concessions typically result from FAHE's loss mitigation activities and could include loan modification by way of reductions in the interest rate, payment extensions, forgiveness of principal, forbearance or other actions. Certain troubled debt restructurings are classified as nonperforming at the time of restructure and may only be returned to performing status after considering the borrower's sustained repayment performance for a reasonable period, generally six months. Management believes the likelihood of loss for nonperforming loans is increased in this current period due to the persisting weak economy and the growth of performing loans transferred to nonperforming status upon modification in a troubled debt restructuring. The Organization also classifies its non-accrual loans as nonperforming.

2014 Performing vs. Nonperforming Loans				
	Mortgage Lending	Community Lending IRP	Community Lending	Mortgage Conveyances
Performing	\$ 23,934,259	\$ 464,072	\$ 11,734,879	\$ -

Impaired Loans

FAHE considers a loan to be impaired when, based on current information and events, FAHE determines that it will not be able to collect all amounts due according to the loan contract, including scheduled interest payments. Determination of impairment is treated the same across all classes of the present value of expected future cash flows, discounted at the loan's effective interest rate, except when the sole (remaining) source of repayment for the loan is the operation or liquidation of the collateral. In these cases FAHE uses the current fair value of the collateral, less selling costs when foreclosure is probable, instead of the discounted cash flows. If FAHE determines that the value of the impaired loan is less than the recorded investment in the loan (net of previous charge-offs, deferred loan fees or costs and unamortized premium or discount), FAHE recognizes impairment through an allowance estimate or a charge-off to the allowance. FAHE determines impairment based on a 60-day default period for mortgages and makes a credit decision for community loans. Loans classified as troubled debt restructurings are also considered impaired.

When the ultimate collectability of the total principal of an impaired loan is in doubt and the loan is on nonaccrual status, all payments are applied to the principal, under the cost recovery method. When the ultimate collectability of the total principal of any impaired loan is not in doubt and the loan is on nonaccrual status, contractual interest is credited to interest income when received, under the cash basis method.

The table on the following page includes the recorded investment and unpaid principal balances for impaired financing receivables with the associated allowance amount, if applicable. FAHE determined the specific allowance based on the present value of expected future cash flows, discounted at the loan's effective interest rate, except when the remaining source of repayment for the loan is the operation or liquidation of the collateral. In those cases, the current fair value of the collateral, less selling costs was used to determine the specific allowance recorded.

The Organization uses the grouping Mortgage Conveyances to pull out loans for which title is being actively sought as collection is no longer effective. These are homes which have either been determined to be vacant or the borrower is deceased.

JUNE 30, 2014 AND 2013

Note 8 - Allowance for Loan Losses (Continued)

Impaired Loans			
	Unpaid Principal Balance	Related Allowance	Net Recorded Investment
2014			
Mortgage Lending	\$ 215,691	\$ (61,626)	\$ 154,065
Mortgage Conveyances	512,822	(128,150)	384,672
Community – IRP	-	-	-
Community – Non IRP	<u>227,630</u>	<u>(2,276)</u>	<u>225,354</u>
Total	<u>\$ 956,143</u>	<u>\$ (192,052)</u>	<u>\$ 764,091</u>
2013			
Mortgage Lending	\$ 389,077	\$ (22,182)	\$ 366,895
Mortgage Conveyances	319,519	(111,854)	207,665
Community – IRP	-	-	-
Community – Non IRP	<u>227,630</u>	<u>(2,276)</u>	<u>225,354</u>
Total	<u>\$ 936,226</u>	<u>\$ (136,312)</u>	<u>\$ 799,914</u>

Nonaccrual loans

In the Community Lending fund, FAHE generally places a loan on nonaccrual status when the full and timely collection of interest or principal becomes uncertain, during which period staff work out a mitigation strategy with the borrower, and no restructuring has occurred. In the Mortgage Lending segment, loans at 0% interest are not considered nonaccrual because they were underwritten or designed with that intent and funded from a grant resource. Loans on nonaccrual status and their respective classes are as follows:

Nonaccrual Loans		
	2014	2013
Mortgage Lending	\$ -	\$ -
Mortgage Conveyances	\$ -	\$ -
Community Lending - IRP	-	-
Community Lending - Non IRP	<u>227,630</u>	<u>227,630</u>
Total	<u>\$ 227,630</u>	<u>\$ 227,630</u>

When FAHE places a loan on nonaccrual status, FAHE reverses the accrued unpaid interest receivable against interest income and accounts for the loan on the cash or cost recovery method, until it qualifies to return to accrual status. Generally, FAHE returns a loan to accrual status when (a) all delinquent interest and principal become current under the terms of the loan agreement or (b) the loan is both well-secured and in the process of collection and collectability is no longer doubtful.

FAHE has determined that the entire balance of a loan is contractually delinquent for all classes if the minimum payment is not received by the specified due date on the member's statement. Interest and fees continue to accrue on past due loans until the date the loan goes into nonaccrual status, if applicable.

FEDERATION OF APPALACHIAN HOUSING ENTERPRISES, INC.
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014 AND 2013

Note 9 – Notes Payable (Continued)

At June 30, 2014 and 2013 approximately \$18 million and \$22 million notes payable, respectively, are unsecured and represent private investments by individuals and groups.

During fiscal year 2014 the Organization held a line of credit with Commercial Bank secured by pledged notes receivable. At June 30, 2014 the balance of the line was \$1,450,000. FAHE closed a line of credit with PNC Bank in fiscal year 2013. The balance of this line of credit at June 30, 2014 was \$1,490,000. The Organization had a \$1.00 million line of credit with VHDA at the end of fiscal year 2013, which was used to table fund loans and then immediately reimbursed. This line of credit expired at June 30, 2013, the renewal of the line is currently pending a restructure of the program. The Organization also had a \$500,000, undrawn line of credit with Central Bank at both June 30, 2014 and 2013, secured by real estate. During fiscal year 2014, the Organization also negotiated a construction line of credit with Central Bank secured by the new building and cash for \$3,000,000. The balance of this line was \$2,286,926 at June 30, 2014.

At June 30, 2014 the organization had available balances on lines of credit with Commercial Bank of \$4.55 million and Central Bank of \$500,000 and \$713,074.

Note 10 - Other Liabilities

In fiscal year 2013, the Organization carried a \$2.00 million, ten-year note with Wachovia Bank classified as EQ2 funds. This note was shown under Other Liabilities on the statements of financial position in order to represent more clearly the nature of the payable and to adhere to industry practice. The EQ2 is defined by having six attributes as follows (1) the EQ2 investment is carried as an investment on the investor's balance sheet in accordance with GAAP. (2) the EQ2 investment is a general obligation of FAHE that is not secured by any of FAHE's assets; (3) the EQ2 investment is fully subordinated to the right of repayment of all FAHE's other creditors; (4) the EQ2 investment does not give the investor the right to accelerate payment unless FAHE ceases its normal operations; (5) the EQ2 investment carries an interest rate that is not tied to any income received by FAHE; and (6) the EQ2 investment has a rolling term, and therefore, an indeterminate maturity (also known as an evergreen provision). This note was renegotiated in fiscal year 2014 as a term loan with a lower interest rate. The loan now has a 10-year term.

In fiscal year 2013, the Organization received another EQ2 investment from Pinnacle Bank. This is a ten year note, that beginning on the seventh anniversary of the maturity date and on each anniversary thereafter, unless the Organization ceases to be financially sound or ceases to carry out a community development mission, the maturity date is automatically extended by one year. This investment is to be used for single-family housing in Knoxville, Tennessee, allowing Pinnacle Bank to qualify for a CITC tax credit. This note had an outstanding balance of \$2.00 million as of June 30, 2014 and 2013, respectively.

FAHE also holds notes payable to the US Department of Treasury (\$2,063,000) which uses verbiage consistent with EQ2 funding, but does not meet requirement 6, having an evergreen provision. FAHE decided to take the conservative stance and report this note as a noncurrent note payable on the statements of financial position.

Note 11 – Commitments and Contingencies

The Organization receives federal and state grant funds that are subject to review by the granting agencies. If an agency finds that the funds are considered not to have been used in accordance with the purposes of the grant, the grantor may request a refund of such funds. The amount of future potential refunds, if any, is not expected to be significant.

FEDERATION OF APPALACHIAN HOUSING ENTERPRISES, INC.
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014 AND 2013

Note 11 – Commitments and Contingencies (Continued)

The Organization has an agreement with the Tennessee Housing Development Agency (THDA) to guarantee and service New Start loans to individuals, as well as guaranteeing and servicing member loan agreements with THDA. The Organization entered into the agreements to facilitate THDA working with the Organization's members located in Tennessee. Although management of the Organization feels these loans will be repaid and are fully secured by real estate, the Organization has a contingent liability of \$20,018,015 and \$19,909,235 as of June 30, 2014 and 2013, respectively. To further clarify, of the \$20,018,015 balance, FAHE is the first guarantor on the original \$986,011 and takes the position of second guarantor on the remaining member loan agreements. Historically, there has not been a loss on these loans since inception in 2003.

During fiscal year 2011, the Organization entered into an agreement with the Department of Local Governments of the Commonwealth of Kentucky to implement a Neighborhood Stabilization Program (NSP) in the amount of \$632,000. Five notes were written on FAHE paper, using NSP grant funding. These loans were made with no recourse.

Note 12 – Concentrations of Credit Risk

Financial instruments that potentially subject the Organization to a concentration of credit risk consist principally of cash and cash equivalents and notes receivable. The Organization maintains cash balances in various financial institutions. The cash accounts are insured by the Federal Deposit Insurance Corporation up to \$250,000 per depositor, per insured bank, for each ownership category. The Organization manages the cash position to mitigate and or eliminate any associated risk. The Organization maintains a sweep account agreement to ensure that all balances above the FDIC limits are insured.

The Organization provides mortgage loans primarily to low- and moderate-income individuals. Mortgage notes totaling \$24,715,282 and \$24,545,687 at June 30, 2014 and 2013, respectively, are secured by the property purchased or improved except as noted. At June 30, 2014 and 2013 notes totaling \$42,500 and \$70,816 respectively, were deed restricted only. These mortgage receivables are a concentration of credit risk. The Organization provides loans to groups to support the growth of low-income housing opportunities in its service area. Notes receivable totaling \$12,652,270 and \$14,214,989 at June 30, 2014 and 2013, respectively, are secured by the assets of the Organization with the exception of the unsecured amount as noted. At June 30, 2014 and 2013, \$38,880 and \$176,635 respectively, were unsecured.

Finally, the Organization receives a substantial percentage of its funding from government grants and other contributions. The Organization's management anticipates a reduction in such funding in coming years, and has taken measures to compensate for this decline.

FEDERATION OF APPALACHIAN HOUSING ENTERPRISES, INC.
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014 AND 2013

Note 13 – Prior Period Adjustment

Certain errors resulting in an overstatement of previously reported mortgages receivable were discovered during the current year. Accordingly, an adjustment of \$448,603 was made during 2014 to write down mortgages receivable as of the beginning of the year. A corresponding entry was made to reduce previously reported net assets by \$448,603.

The effect of this adjustment on the prior year financial statements can be seen below:

	<u>Original</u>	<u>Adjustment</u>	<u>Adjusted</u>
<i>Statement of Financial Position</i>			
Mortgage Notes Receivable	\$ 14,466,215	\$ (448,603)	\$ 14,017,612
<i>Statement of Activities</i>			
Beginning Net Assets (Unrestricted)	8,260,185	(448,603)	7,811,582

Note 14 – Miscellaneous Income

The Organization received proceeds from a legal settlement during fiscal year 2014. These were recorded under miscellaneous income. Any capital expense that was reimbursed through this settlement has been reversed and reduced the net settlement amount.

Note 15 – Reclassification

Due to an accounting standards update issued by FASB, management has changed the way conveyances are presented on the face of the financial statements. In prior years, they had been included in property held for sale. The update clearly defined that title must be held before a loan can change status from loan to property held for sale. Since the Organization is actively seeking, but has not yet acquired title on these properties the balances have been included with Mortgages Receivable. Further breakdown of the Mortgages Receivable balance is shown in the Allowance for Loan Losses disclosure.

Subsequent Events

Management of the Organization has considered subsequent events through September 4, 2014, the date this report became available for issuance.

FEDERATION OF APPALACHIAN HOUSING ENTERPRISES, INC.
NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
FOR THE YEAR ENDED JUNE 30, 2014

NOTE A – BASIS OF PRESENTATION

The accompanying schedule of expenditures of federal awards includes the federal grant activity of Federation of Appalachian Housing Enterprises, Inc. and is presented on the accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of OMB Circular A-133, Audits of States, Local Governments and Non-Profit Organizations. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in, the preparation of the financial statements.

NOTE B – INSURANCE

The Organization carried insurance coverage during the entire year in amounts sufficient to or in excess of required levels, including coverage for general and professional liability, real and personal property, workers compensation and fidelity bonding of employees who have access to funds.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON
AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Directors
Federation of Appalachian Housing Enterprises, Inc.
Berea, Kentucky

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Federation of Appalachian Housing Enterprises, Inc. (a non-profit organization), which comprise the statements of financial position as of June 30, 2014, and the related statements of activities, and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated September 4, 2014.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Federation of Appalachian Housing Enterprises, Inc.'s internal control over financial reporting to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Federation of Appalachian Housing Enterprises, Inc.'s internal control. Accordingly, we do not express an opinion on the effectiveness of Federation of Appalachian Housing Enterprises, Inc.'s internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Federation of Appalachian Housing Enterprises, Inc.'s financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM
AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY OMB CIRCULAR A-133

To the Board of Directors
Federation of Appalachian Housing Enterprises, Inc.
Berea, Kentucky

Report on Compliance for Each Major Federal Program

We have audited Federation of Appalachian Housing Enterprises, Inc.'s compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of Federation of Appalachian Housing Enterprises, Inc.'s major federal programs for the year ended June 30, 2014. Federation of Appalachian Housing Enterprises, Inc.'s major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Federation of Appalachian Housing Enterprises, Inc.'s major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Federation of Appalachian Housing Enterprises, Inc.'s compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Federation of Appalachian Housing Enterprises, Inc.'s compliance.

Opinion on Each Major Federal Program

In our opinion, Federation of Appalachian Housing Enterprises, Inc. complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2014.

Report on Internal Control Over Compliance

Management of Federation of Appalachian Housing Enterprises, Inc. is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Federation of Appalachian Housing Enterprises, Inc.'s internal control over compliance with the types of requirements that could have a direct and material effect on

each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Federation of Appalachian Housing Enterprises, Inc.'s internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

FEDERATION OF APPALACHIAN HOUSING ENTERPRISES, INC.
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
FOR THE YEAR ENDED JUNE 30, 2014

SUMMARY OF AUDITOR'S RESULTS

1. The auditor's report expresses an unqualified opinion on the financial statements of Federation of Appalachian Housing Enterprises, Inc.
2. Our report on the financial statements disclosed no significant deficiencies in the internal control structure.
3. No instances of noncompliance material to the financial statements of Federation of Appalachian Housing Enterprises, Inc. were disclosed during our audit.
4. The auditor's report on compliance for the major federal awards programs for Federation of Appalachian Housing Enterprises, Inc. expresses an unqualified opinion on all major federal programs.
5. Our audit report disclosed no audit finding required to be reported under Section 510(a) of OMB Circular A-133.
6. The programs tested as major programs included:

Community Development Financial Institutions CFDA #21.020 Type A.
Neighborhood Stabilization Program (NSP) CFDA #14.228 Type A.
7. The threshold to determine Type A: \$300,000.
8. Federation of Appalachian Housing Enterprises, Inc. was determined to be a high-risk auditee.
9. In connection with tests of internal control and compliance with laws and regulations, no material weaknesses were noted in internal control, and the Organization was in substantial compliance with laws and regulations.
10. There were no questioned costs with respect to major programs selected for compliance tests.
