Independent Auditor's Report

To the Board of Trustees
Federation of Appalachian Housing Enterprises, Inc.

Report on the Consolidated Financial Statements

We have audited the accompanying consolidated financial statements of Federation of Appalachian Housing Enterprises, Inc. (a nonprofit organization), which comprise the consolidated statements of financial position as of June 30, 2021, and the related consolidated statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the consolidated financial statements.

Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free of material misstatement. The financial statements of certain subsidiaries of Federation of Appalachian Housing Enterprises, Inc. were not audited in accordance with *Government Auditing Standards*.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the consolidated financial position of Federation of Appalachian Housing Enterprises, Inc. as of June 30, 2021, and the changes in its consolidated net assets and its consolidated cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Prior Period Financial Statements

The consolidated financial statements of Federation of Appalachian Housing Enterprises, Inc. as of and for the year ended June 30, 2020 were audited by other auditors whose report dated September 9, 2020, expressed an unmodified opinion on those statements.

Other Information

Our audit was conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. The Statements of Financial Position - NeighborWorks America Capital Fund, the Statements of Activities - NeighborWorks America Capital Fund, and the Computation of Adjusted Net Worth for Approval of Nonsupervised Mortgagees Other Than Loan Correspondents are presented for purposes of additional analysis and are not a required part of the consolidated financial statements. The accompanying schedule of expenditures of federal awards as required by Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* is presented for purposes of additional analysis and is not a required part of the consolidated financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the consolidated financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated September 30, 2021, on our consideration of Federation of Appalachian Housing Enterprises, Inc.'s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Federation of Appalachian Housing Enterprises, Inc.'s internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Federation of Appalachian Housing Enterprises, Inc.'s internal control over financial reporting and compliance.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
JUNE 30, 2021 AND 2020

Note 1 - Organization

Federation of Appalachian Housing Enterprises, Inc. (Fahe or the Organization) is a nonprofit organization that was founded in 1980 to serve Appalachia via a Network of nonprofits. Fahe is building the American Dream. Our unique collaborative model connects a Network of local, regional, and national leaders, all working together to ensure that no community is left behind. Working with our 50+ Members across the Appalachian portion of Kentucky, Tennessee, West Virginia, Virginia, Alabama, and Maryland, we use our expertise in finance, collaboration, innovation, advocacy, and communication to achieve a more prosperous Appalachian region.

For over three decades, Fahe has increased the scale and reach of our Network's interventions by:

- Identifying and supporting the development of local leaders who are committed to delivering interventions that result in safe, well-designed homes that are affordable; and
- Providing those leaders with access to the expertise, capital, subsidy, training, and other resources that support and catalyze positive opportunities for the communities and people they serve.

Fahe is a designated Community Development Financial Institution (CDFI) by the US Treasury. As a CDFI, Fahe offers two clusters of loan products, one for nonprofit corporations and others who serve low-income populations and the other for low-income populations or areas directly for home purchase or rehabilitation/energy retrofit.

Specifically, Fahe's principal services include Mortgage Lending, Community Lending Services (CLS), Strategic Programs, Membership, and Loan Servicing, as described below:

- Mortgage Lending—JustChoice Lending (JCL) is a full-service mortgage lender that strengthens communities by creating successful homeowners. JustChoice was the first nonprofit third party originator for Freedom and has been instrumental in creating a national nonprofit packaging system for USDA Rural Development 502 Direct loans.
- Loan Servicing—Fahe Loan Servicing emphasizes quality customer care and personalized account management on the mortgages we service for Fahe, our partners, and our borrowers. During the year ended June 30, 2021, Fahe serviced 4,200 loans.
 - Following is a list of states where either JCL or Loan Servicing (in some states both) are licensed to conduct business; Kentucky, Tennessee, Indiana, Florida, Mississippi, Virginia, West Virginia, Maine, Michigan, Hawaii, Minnesota, South Carolina, Illinois, and Alabama.
- Community Lending Services—Fahe couples a Community Loan Fund with outstanding lending expertise to facilitate the flow of impactful private and public investments into housing and community development projects across the region.
- Strategic Programs—Strategic Programs, what once had been known as Fahe Consulting, connects different organizations to specialized resources that will help to expand their projects and improve the quality of life in their communities.
- Membership—The Membership team strengthens our Network by connecting the Members to each other and to Fahe's expertise and services. Fahe's 50+ Members in the Appalachian portion of Kentucky, Tennessee, West Virginia, Virginia, Alabama, and Maryland get access to specialized training, information sharing, financial resources, and a stronger combined political voice that supports positive change in their communities.

Note 2 - Summary of Significant Accounting Policies

Principles of Consolidation

The financial statements include the consolidated statements of the Organization and its subsidiaries, Fahe Capital Corporation I, Fahe Consulting, LLC Fahe TN, LLC, Park Community LLC, and Fahe Holding Company, LLC. Accordingly, all significant inter-company balances and transactions have been eliminated.

Fahe Capital Corporation I, a wholly-owned subsidiary of Fahe, was formed in 2000 to syndicate private investments from corporations, generating a market rate return delivered through a federal tax credit. Investments raised through Low Income Housing Tax Credit Equity Funds managed by Fahe Capital Corporation I and a partner, Virginia Community Development Corporation, facilitated the creation/preservation of affordable rental housing.

Fahe Consulting, LLC, a wholly-owned subsidiary of Fahe, was formed in 2006 to help communities connect to opportunities by providing turn-key consulting services to nonprofits, municipalities, and others who wish to accomplish community development outcomes but who lack the technical expertise or personnel to achieve their desired outcomes. Fahe Consulting assists with filing applications for federal, state and local funding by overseeing the development process, securing construction and permanent financing, facilitating and tracking construction progress and preparing any and all required project reports.

In 2011, Fahe established Fahe TN, LLC. This entity is domiciled in Tennessee and was created to provide access to investments through Tennessee's Community Investment Tax Credit Program.

In 2015, Fahe established Park Community LLC. This entity was originally established to meet the requirements of a grant, but at the close out of the grant was utilized to allow Fahe to borrow from the Bond Guarantee Program by pledging single family mortgages as collateral.

In 2018, Fahe established Fahe Holding Company LLC to hold the Oak Street Office and qualify for refinancing with New Markets Tax Credits.

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with generally accepted accounting principles. Net assets and revenues, expenses, gains, and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, net assets of the Organization and changes therein are classified and reported as follows:

- Net assets without donor restrictions - Net assets that are not subject to donor-imposed restrictions and may be expended for any purpose in performing the primary objectives of the Organization. The Organization's board may designate assets without restrictions for specific operational purposes from time to time.
- Net assets with donor restrictions - Net assets subject to stipulations imposed by donors, and grantors. Some donor restrictions are temporary in nature; those restrictions will be met by actions of the Organization or by the passage of time. Other donor restrictions are perpetual in nature, where by the donor has stipulated the funds be maintained in perpetuity. As of June 30, 2020 and 2021, the Organization had \$0 and \$492,020, respectively, of net assets with donor restrictions maintained in perpetuity.

Cash and Cash Equivalents

For purposes of the Statements of Financial Position and the Statements of Cash Flows, the Organization considers all highly liquid investments with an initial maturity of three months or less to be cash equivalents unless held by investment managers as part of the investment portfolio. As required by grant and servicing agreements, Fahe does hold cash in separate bank accounts.

Note 2 - Summary of Significant Accounting Policies (Continued)

Cash Unavailable for Operations

As of June 30, 2021, Fahe maintains an \$800,000 compensating balance arrangement with Commercial Bank against a \$6,000,000 line of credit, as well as \$173,998 of revolving cash collateral related to the \$500,000 note Fahe TN, LLC holds with Commercial Bank. The total balance of the assigned mortgages receivable plus revolving cash collateral account balance must equal \$500,000 at each month end reconciliation.

As of June 30, 2020, Fahe maintained an \$800,000 compensating balance arrangement with Commercial Bank against a \$6,000,000 line of credit, as well as \$160,705 of revolving cash collateral related to the \$500,000 note Fahe TN, LLC holds with Commercial Bank. The total balance of the assigned mortgages receivable plus revolving cash collateral account balance must equal \$500,000 at each month end reconciliation.

Cash received from grants and held with restrictions at June 30, 2021 and June 30, 2020 was \$5,508,142 and \$3,578,964, respectively. All restricted cash held at the end of the fiscal year of 2021 and 2020 was restricted to the lending program or operations and required to be lent following the guidelines of each donor.

The Organization receives nonfinancial assets and recognizes the assets and the liability related to cash held for tax and insurance related to loan servicing and pre-close escrow for JustChoice Lending. The balances of those assets and offsetting liabilities were \$1,121,683 and \$1,168,421 at June 30, 2021 and June 30, 2020, respectively, which is included in client advances and deposits on the consolidated statements of financial position.

A summary of cash unavailable for operations at June 30 is as follows:

	2021	2020
Compensating balance	\$ 974,063	\$ 962,875
Escrow cash and liability	1,313,269	1,301,994
Bond guarantee program	1,285,848	599,783
USDA community facilities	518,598	33,598
Total cash unavailable for operations	\$ 4,091,778	\$ 2,898,250

Investments

The Organization carries investments in equity securities with readily determinable fair market values and all investments in debt securities at their fair values in the consolidated statements of financial position. Unrealized gains and losses are included in the change in net assets in the accompanying consolidated statements of activities. The Organization holds two investments that are recorded using the equity method, due to no fair value or equivalent being readily determinable.

Mortgage Notes Receivable

Mortgage and Notes receivable are stated at the outstanding principal balance, less an allowance for loan losses. The allowance for loan losses is increased by charges to the change in net assets and decreased by charge-offs (net of recoveries).

Since the interest rate charged to the borrowers corresponds with the customary rates applicable to the low-income housing industry, the Organization considers these rates to be reasonable and has not made any adjustment for imputed interest that would be applicable to higher interest rate conventional housing loans.

Note 2 - Summary of Significant Accounting Policies (Continued)

Allowance for Loan Losses

It is the policy of the Organization to provide valuation allowances for estimated loan losses. The allowance for loan losses represents management's best estimate of future bad debts. Additions to the allowance are charged to earnings. Accounts written off are charged against the allowance. Recoveries are credited to the allowance reserve.

Fixed Assets and Intangible Assets

The Organization capitalizes all expenditures for fixed asset acquisitions in excess of \$500. Fixed assets are carried at cost or, if donated, at the approximate fair value at the date of donation. Depreciation is computed on a straight-line basis over the useful lives of the assets generally as follows:

Building and improvements	39 years
Computers and data handling equipment	3 years
Vehicles and equipment	5 years

During the years ended June 30, 2021 and June 30, 2020, depreciation expense was \$139,510 and \$132,865, respectively.

During the year ended June 30, 2016, the Organization amortized costs associated with the issuance of the CDFI Bond Guarantee Program, of which Fahe was allocated \$15,000,000. During the year ended June 30, 2020, The Organization amortized costs associated with the issuance of a second CDFI Bond Guarantee Program, of which Fahe was allocated \$20,000,000. These costs will be expensed during the life of each respective bond program.

Fahe has capitalized the closing costs of other long-term investments as well, to be expensed during the life of each respective investment. Amortization expense for the years ended June 30, 2021 and 2020 was \$34,245 and \$25,089, respectively.

A summary of property and equipment and intangible assets at June 30 is as follows:

	2021	2020
Land	\$ 130,133	\$ 130,133
Building	3,393,604	3,393,604
Building improvements	34,600	34,600

Note 2 - Summary of Significant Accounting Policies (Continued)

Revenue Recognition

Contributions received are recorded as increases in net assets without donor restrictions or net assets with donor restrictions, depending on the existence and/or nature of any donor imposed restrictions, once all donor conditions have been met and the contribution is deemed unconditional. All donor-restricted contributions are reported as increases in net assets with donor restrictions. When a restriction expires (that is, when a stipulated time restriction ends or purpose restriction is satisfied), net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statements of activities as net assets released from restrictions.

Income Tax Status

The Organization is recognized as a tax-exempt organization under code Section 501(c)(3) of the Internal Revenue Code. Accordingly, no provision for federal income tax has been made. In addition, the Organization has been classified as an Organization that is not a private foundation under Section 509(a). The Organization is not aware of any uncertain tax positions that would require adjustment to the financial statements. The Organization files income tax returns in the U.S. federal jurisdiction. Generally, the Organization is no longer subject to income tax examination by the U.S. federal, state or local tax authorities for years before 2017.

Compensated Absences

The Organization revised its personnel policies regarding employee vacation and sick time beginning calendar year 2010. Previously, upon separation of service, employees could be paid up to a maximum of 80 accrued sick hours and 160 accrued vacation hours. As of January 1, 2010, employees will not receive pay for accrued sick time upon separation of service with the exception of sick hours earned and not spent as of December 31, 2009. However, accrued vacation time can now be paid out up to a maximum of 352 hours. The employee earns accrued time based on job classification, length of service, and other factors. The liability accrued for compensated absences is limited to the actual amount that would be payable to the employee in the event of separation from employment. The amount is calculated based on multiplying the representative hourly wage by the number of accrued hours.

Estimates

Management uses estimates and assumptions in preparing financial statements. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenues and expenses. Actual results could differ from those estimates.

Functional Allocation of Expenses

The costs of providing various programs and other activities have been summarized on a functional basis in the consolidated statements of activities and detailed in the consolidated statements of functional expenses. Accordingly, certain costs have been allocated among the programs and supporting services benefited. Cost center expenses are charged directly to the cost center and then allocated across the various programs based on time and effort or headcount, some expense lines will have a mixture of specific use and headcount or time and effort. The expenses that are allocated include the following:

<u>Expenses</u>	<u>Method of Allocation</u>
Personnel Expenses	Time and Effort
Travel Expenses	Time and Cost
Board & Committee Meetings	Direct
Conference & Workshops	Time and Cost
Occupancy Expenses	Headcount/Time and Effort
Supplies & Publications	Specific Use/Time and Effort

Note 3 - Change in Accounting Principle

During the year ended June 30, 2021, the Organization adopted the provisions of Accounting Standards Update 2014-09, *Revenue from Contracts with Customers* (“ASU 2014-09”). This ASU provides new revenue recognition guidance that superseded DRAFT existing revenue recognition guidance. The update, as amended, requires the recognition of revenue related to the transfer of goods or services to customers which reflects the consideration to which WJP expects to be entitled in exchange for those goods or services. Adopting the new standard did not have a material effect on the timing of the Organization’s revenue recognition for the year ended June 30, 2021.

The Organization has categorized its financial instruments, based on the priority of the inputs to the valuation technique, into a three-level fair value hierarchy. The hierarchy gives the highest priority to unadjusted quoted prices in an active market for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). If the inputs used to measure the financial instruments fall within different levels of the hierarchy, the categorization is based on the lowest level input that is significant to the fair value measurement of the instrument. Financial assets and liabilities recorded on the statement of financial position are categorized based on the inputs to the valuation techniques as follows:

Level 1 - Financial assets and liabilities whose values are based on unadjusted quoted prices for identical assets or liabilities in an active market that the Organization has the ability to access.

Level 2 - Financial assets and liabilities whose values are based on quoted prices in markets that are not active or model inputs that are observable whether directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in non-active markets;
- Pricing models whose inputs are observable for substantially the full term of the asset or liability; and
- Pricing models whose inputs are derived principally from or corroborated by observable market data through correlation or other means for substantially the full term of the asset or liability.

Level 3 - Financial assets and liabilities whose values are based on prices or valuation techniques that require inputs that are both unobservable and significant to the overall fair value measurement.

The Organization's fair value of securities available for sale measured on a recurring basis at June 30, 2021 and June 30, 2020 is as follows:

		Fair Value Measurements at Reporting Date Using		
		Quoted Prices in Active Markets for Identical Assets/Liabilities (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

Fair value for investments is determined by reference to quoted market prices and other relevant information generated by market transactions. There have been no changes in valuation techniques and related inputs.

Note 5 - Grant Funds Receivable

Unconditional promises to give amounted to \$320,416 and \$1,207,827 as of June 30, 2021 and June 30, 2020, respectively. The balance of the unconditional promises to give in fiscal year 2021 will be received according to the following schedule:

Fiscal Year ending June 30,	Amount to be received
2022	\$ 226,586
2023	93,830

Note 6 - Property Held for Resale

Property held for resale consists of foreclosure properties (REO). REO property is recorded at the lower of cost or market when recovered from the foreclosure proceedings or by a deed-in-lieu of foreclosure. The properties are recorded at book value less an adjustment of 25% to create an allowance for loan loss. Fahe has adopted a conservative approach to the valuation of foreclosures lacking an appraisal. Gains or losses from the sale of properties are recorded in the statement of activities as either gains or losses on disposal of property.

Property held for resale also consists of property preservation advances. The Organization advances funds for expenses for property preservation to protect the value of their collateral related to mortgages receivable. These expenses are shown as receivables from the borrower unless the Organization takes the property back. At June 30, 2021 and June 30, 2020, the Organization held \$289,731 and \$413,350, respectively in REO property, \$80,565 and \$96,924, respectively in property preservation and \$212,837 and \$0, respectively in investment property. The related allowances recorded as of June 30, 2021 and June 30, 2020 were \$64,535 and \$254,724, respectively for REO property. There were no allowances recorded for property preservation advances.

During the year ended June 30, 2017, an old factory building, related to the land where the Organization's new office building was built, was transferred to a membership organization in order to qualify for a federal environmental remediation grant. The Member Organization holds a payable to Fahe and in accordance Fahe holds a receivable from the Member for the carrying value of the property, \$212,837. Fahe is currently leasing the property from the Member Organization. At the completion of the environmental remediation, Fahe and the Member Organization will begin work to either sell or repurpose the building. As of June 30, 2021, the grant was completed, and the property transferred back to Fahe. This is shown as investment property in the disclosure above.

Note 7 - Mortgage Notes Receivable

Fahe makes loans to individual borrowers for home purchase and rehabilitation of existing homes. Fahe is an approved FHA and USDA lender offering a combination of loans held on balance sheet, loans sold off balance sheet, and loans packaged to USDA Rural Development and brokered to State Housing Finance Agencies. In addition to traditional mortgage products, Fahe provides subordinated loans to low-income homebuyers to ensure affordability. The subordinated finance can be in the form of an amortized loan or as a soft subordinate lien for down payment assistance. Mortgage lending funds are made available from several different sources. These sources include federal and state grants awarded to the Organization, borrowings of lower interest funds made available by state housing agencies, grants from foundations, and revolved funds in the Organization's various lending portfolios. Loans are made in accordance with the restrictions imposed by the various funding sources.

During the year ended June 30, 2019, Fahe was awarded the designation of Seller/Servicers with both Fannie Mae and Freddie Mac. This designation allows Fahe direct access to pricing and product through the GSE's, allowing us to serve as our investor and bypass other entities additional costs and overlays. This will allow Fahe to bring on additional Brokers, offer a broader spectrum of programs to our Broker network, as well as provide opportunity for us to begin working with Correspondent lenders as well. Along with these business opportunities, carrying this designation allows Fahe to present ourselves in this industry as an organization that meets the highest of standards in the work that we do for the mortgage industry.

The Organization has a programmatic loan balance of \$1,431,695 and \$1,513,493 as of June 30, 2021 and June 30, 2020, respectively. The Organization has determined these loans do not meet the definition of a security and therefore does not elect to report them using the "Fair Value Option." These loans are considered conditional promises to give and are reported at amortized cost. The expense of forgiving a portion of a loan is recorded as a programmatic expense as the conditions are met. The Organization changed its loan loss reserve policy during fiscal year 2015 to fully reserve the entirety of the programmatic loan balance due to their intent to never collect these loans. The balance of the programmatic loans nets to zero in the Mortgage Receivables line of the Consolidated Statement of Financial Position.

Note 7 - Mortgage Notes Receivable (Continued)

The Organization had loan covenants with certain foundations that require the Organization to maintain certain levels of allowances to cover potential loan losses. In lieu of charging the full amount of the requirements to earnings, the Organization's Board of Directors chose to voluntarily designate a portion of its net assets for this purpose. The balance of the Board Designated Net Assets as of June 30, 2021 and June 30, 2020, is \$600,000. This provides aggregate loan loss coverage of no less than 4.0% on the Fahe loan portfolio. Based on actual, historical delinquency trends, the Organization's management does not expect to incur any charges against this designation. Now that those certain foundations' investments have matured, Fahe's Board of Directors will be assessing the need to continue this designation and, may release the set-aside in the coming year.

The recorded investment of mortgage notes receivable secured by residential real estate properties where formal foreclosure procedures are in process is \$375,179 and \$627,705 as of June 30, 2021 and June 30, 2020, respectively.

Note 8 - Notes Receivable

The Organization makes loans to Corporations. Financial products provided to members and partner Community Development Corporations (CDCs) include: 1) affordable housing development loans for single-family construction, 2) affordable housing development loans for multi-family construction, 3) working capital loans or business loans, and 4) community facility loans. The target market end user of these loans is the low-income targeted population or low-income communities.

Note 9 - Allowance for Loan Losses

Single Family (Mortgages Receivable) and Consumer Loans Allowance

It is the policy of Fahe to maintain a loan-loss reserve sufficient to cover potential loan losses. It is also the policy of Fahe to provide valuation allowances for estimated loan losses thereby representing management's best estimate of future bad debts. As set by the Finance Committee, the Treasurer shall review the financial condition of all loan pools on a regular basis and allocate necessary funds to loan loss reserves. If a loan is determined non-collectible, it will be written off the books and charged against the loan loss reserve. Any recoveries of such loans are applied back and replenish the loan loss reserve account.

In order to determine the appropriate amount of loan loss to reserve, loans are monitored on a regular basis by qualified staff and the Treasurer, or Treasurer designated Fahe employees, as necessary. An evaluation of loans will take the following matters into consideration:

- a) Whether or not the loan is current;
- b) The borrower's financial condition;
- c) The borrower's credit worthiness;
- d) Risk of loss due to no fault of the borrower;
- e) Collateral and Loan-To-Value (LTV);
- f) Lien position; and
- g) Other outstanding indebtedness to either Fahe or another lender

As loans are monitored, the Treasurer will establish a system to classify loans according to the degree of risk they appear to pose for the corporation. Fahe will allocate additional funds to the loan loss reserve account on a loan-by-loan basis, using the risk rating system outlined below. For loans with special circumstances, determinations which differ from the rating system may be approved.

<u>Days Delinquent</u>	<u>Reserve Percentage</u>
0-29 days	1%
30-59 days	2%
60-89 days	3%
90-179 days	5%
180+ days	25%

Additions to the loan loss allowance are charged to earnings. Accounts written off are charged against the allowance and recoveries are credited to the allowance.

Deferred Loans

Deferred loans must be reserved against on a method other than delinquency as these loans are not delinquent until Fahe is notified of foreclosure by another entity. Management looked at the concentration of deferred loans and used a weighted foreclosure rate from the Great Recession (our most recent housing and foreclosure crisis) based on the state concentration. Management found that 2% was the weighted foreclosure percentage, and an adequate reserve. All deferred loans will be reserved at 2% to adequately reduce the value by risk of loss.

Note 9 - Allowance for Loan Losses (Continued)

Community Loans Allowance

Management has identified the following risk factors for community loans and will assign a layered loan loss reserve multiplier based on which categories a loan falls into. The range of reserve will be from .7% to 36% depending on risk factors of the loan within each category.

	Reserve Percentage
Loan Type	.90 to 1.25%
Collateral	.20 to 10%
Risk Rating at Underwriting	0 to .90%
Delinquency	0 to 24%
Total Reserve Range	.70 to 36.15%

The activity in the allowance for loan loss accounts for the years ended June 30, 2021 and 2020 is as follows:

Credit Quality Information

Fahe determines credit quality of its existing portfolio by examining delinquency and other factors monthly. The following tables present performing and nonperforming loans based on payment activity for the years ended June 30, 2021 and June 30, 2020. Payment activity is reviewed by management on a monthly basis to determine credit quality of the loans. Loans are considered to be nonperforming when days delinquent is greater than 60 days in the previous month. The Organization has found that it is in its best interest to consider loans past this date nonperforming instead of the traditional single-family mortgage standard of 90 days. Fahe's Loan Servicing Department has found it has the best chances of collection if contact is made with the borrower during the first month of delinquency.

Note 9 - Allowance for Loan Losses (Continued)

Nonperforming loans also include certain loans that have been modified in troubled debt restructurings where economic concessions have been granted to borrowers who have experienced or are expected to experience financial difficulties. These concessions typically result from Fahe's loss mitigation activities and could include loan modification by way of reductions in the interest rate, payment extensions, forgiveness of principal, forbearance or other actions. In fiscal year 2018, the Organization made a change to track troubled debt restructuring with a separate troubled debt restructure designation, which it would keep until the loan was paid off. Therefore, once a loan is designated as a troubled debt restructure it will never return to performing status. Management believes the likelihood of loss for nonperforming loans is increased in this current period due to the persisting weak economy and the growth of performing loans transferred to nonperforming status upon modification in a troubled debt restructuring. The Organization also classifies its non-accrual loans as nonperforming. Fahe had no new troubled debt restructurings during the year ended June 30, 2021. There were two new restructurings classified as troubled debt in the year ended June 30, 2020. One was a \$1.28 UR construction loan in our Community Lending portfolio that requested modification related to a snag with tax credit allocations. The other was a small single-family loan in the Mortgages Receivable portfolio.

Note 9 - Allowance for Loan Losses (Continued)

Impaired Loans

Fahe considers a loan to be impaired when, based on current information and events, Fahe determines that it will not be able to collect all amounts due according to the loan contract, including scheduled interest payments. Determination of impairment is treated the same across all classes of the present value of expected future cash flows, discounted at the loan's effective interest rate, except when the sole (remaining) source of repayment for the loan is the operation or liquidation of the collateral. In these cases, Fahe uses the current fair value of the collateral, less selling costs when foreclosure is probable, instead of the discounted cash flows. If Fahe determines that the value of the impaired loan is less than the recorded investment in the loan (net of previous charge-offs, deferred loan fees or costs and unamortized premium or discount), Fahe recognizes impairment through an allowance estimate or a charge-off to the allowance. Fahe determines impairment based on a 60-day default period for mortgages and makes a credit decision for community loans. Loans classified as troubled debt restructurings are also considered impaired.

When the ultimate collectability of the total principal of an impaired loan is in doubt and the loan is on nonaccrual status, all payments are applied to the principal, under the cost recovery method. When the ultimate collectability of the total principal of any impaired loan is not in doubt and the loan is on nonaccrual status, contractual interest is credited to interest income when received, under the cash basis method.

The table below includes the recorded investment and unpaid principal balances for impaired financing receivables with the associated allowance amount, if applicable. Fahe determined the specific allowance based on the present value of expected future cash flows, discounted at the loan's effective interest rate, except when the remaining source of repayment for the loan is the operation or liquidation of the collateral. In those cases, the current fair value of the collateral, less selling costs was used to determine the specific allowance recorded.

The Organization uses the grouping Mortgage Conveyances to pull out loans for which title is being actively sought as collection is no longer effective. These are homes which have either been determined to be vacant or the borrower is deceased.

Interest recognized on impaired loans during the years ended June 30, 2021 and June 30, 2020 was \$29,562 and \$19,347, respectively. The average investment in impaired loans as of June 30, 2021 and June 30, 2020 was \$1,812,128 and \$1,493,251, respectively. The Organization had \$25,116 and \$154,537 in troubled debt restructuring loans in default as of June 30, 2021 and 2020, respectively.

Note 9 - Allowance for Loan Losses (Continued)

Nonaccrual loans

In the Community Lending fund, Fahe generally places a loan on nonaccrual status when the full and timely collection of interest or principal becomes uncertain, during which period staff work out a mitigation strategy with the borrower, and no restructuring has occurred. In the Mortgage Lending segment, loans at 0% interest are not considered nonaccrual if they were underwritten or designed with that intent and funded from a grant resource. Mortgage Loans and Consumer Loans are put on nonaccrual status once they reach delinquency over 120 days. As of June 30, 2021 and 2020, loans on nonaccrual status and their respective classes are as follows:

Nonaccrual Loans		
	2021	2020
Mortgage Lending	\$ 460,040	\$ 611,442
Mortgage Conveyances	62,397	-
Community Lending - Non IRP	322,463	322,463
Total	\$ 844,900	\$ 933,905

When Fahe places a loan on nonaccrual status, Fahe reverses the accrued unpaid interest receivable against interest income and accounts for the loan on the cash or cost recovery method, until it qualifies to return to accrual status. Generally, Fahe returns a loan to accrual status when (a) all delinquent interest and principal become current under the terms of the loan agreement or (b) the loan is both well-secured and in the process of collection and collectability is no longer doubtful.

Fahe has determined that the entire balance of a loan is contractually delinquent for all classes if the minimum payment is not received by the specified due date on the member's statement. Interest and fees continue to accrue on past due loans until the date the loan goes into nonaccrual status, if applicable.

Later Years	20,675,349
	\$ 55,143,152

As of June 30, 2021 and 2020, \$29,828,078 and \$22,437,531 of notes payable, respectively, are unsecured and represent private investments by individuals and groups.

During the years ended June 30, 2021 and June 30, 2020, the Organization held a line of credit with Commercial Bank secured by pledged notes receivable. As of June 30, 2021 and 2020, the balance of the line was \$697,318 and \$4,000,000, respectively.

As of June 30, 2021 and 2020, the Organization had available balances on lines of credit with Commercial Bank of \$5,302,682 and \$2,000,000, respectively, Central Bank of \$500,000 for both years, and Virginia Community Capital of \$3,000,000 for both years.

As of June 30, 2021, the Organization has receivables totaling \$1,644,003 pledged as collateral against loans with VHDA, a \$800,000 compensating balance and \$2,432,697 receivables pledged as collateral to Commercial Bank, \$625,000 receivables pledged to Peoples Self Help Housing, \$1,300,000 of their office building pledged as collateral with New Markets, \$634,217 receivables pledged as collateral with MACED, \$2,488,249 of receivables pledged to USDA, and \$25,475,757 receivables pledged as collateral with the CDFI.

During the year ended June 30, 2020, Fahe applied and qualified for a Payroll Protection Program loan through the CARES Act related to the COVID-19 response. As of June 30, 2020 the loan is listed with Central Bank for \$775,500. Fahe fully spent the funds according to the program guidelines and was awarded forgiveness during the year ended June 30, 2021, which was reported as gain on extinguishment of debt on the consolidated statement of activities.

As of June 30, 2020, the Organization had receivables totaling \$2,175,615 pledged as collateral against loans with VHDA, \$800,000 compensating balance and \$3,143,585 receivables pledged as collateral to Commercial Bank, \$625,000 receivables pledged to Peoples Self Help Housing, \$1,300,000 of their office building pledged as collateral with New Markets, \$756,545 receivables pledged as collateral with MACED, \$161,517 receivables pledged to USDA, \$153,203 receivables pledged to Republic Bank and \$8,682,716 receivables pledged as collateral with the CDFI.

Near the end of the fiscal year ended June 30, 2021, some of the notes assigned as collateral for the Commercial Bank loan had been paid down. Management assigned \$3,261,179 in construction notes to Commercial Bank as collateral for the undercollateralized line of credit. The balance of these notes will increase with additional construction draws, in effect, overcollateralizing the note.

The Organization has covenants relating to debt investments. As of June 30, 2021, Fahe's activity was not constrained by these covenants. The covenants with the highest potential to become restrictive are related to growth requirements of the Organization's net assets without donor restrictions and related ratios. Management is cognizant that as Fahe continues to expand the Bond Guarantee Program and bring on other debt, it is imperative to continue to increase net assets without donor restrictions through net income and capital grants.

Note 11 - Community Development Financial Institutions (CDFI) Bond Guarantee Program

The CDFI Bond Guarantee Program (BGP or Bond Program) was enacted through the Small Business Jobs Act of 2010 (Public Law 111-240) on September 27, 2010. The legislation directs the Treasury Department to guarantee the full amount of bonds issued to support CDFIs that make investments for patient capital to CDFIs. The Federal Financing Bank, a financing arm of the U.S. Treasury, will purchase all of the bonds issued under the BGP, including the Opportunity Finance Network (OFN) Bonds, and the U.S. Treasury will guarantee repayment. The bonds will not be remarketed or sold to any other investors.

In 2015, the CDFI Fund approved OFN to serve as a Qualified Issuer and issue a bond totaling \$127,000,000 on behalf of the Organization and six other CDFIs. Fahe's portion of the issuance was \$15,000,000. In 2019, the CDFI Fund approved OFN to serve as a Qualified Issuer and issue a new bond. Fahe's portion of this issuance was \$20,000,000. As of June 30, 2021 and 2020, Fahe had drawn down \$15,000,000 and \$8,027,363, respectively, of the 2015 allocation. As of June 30, 2021 and 2020, Fahe had drawn \$7,400,000 and \$0, respectively, of the 2019 allocation.

Note 12 - Other Liabilities

The Organization shows EQ2 notes under Other Liabilities on the Consolidated Statements of Financial Position in order to represent more clearly the nature of the payable and to adhere to industry practices. The EQ2 is defined by having six attributes as follows (1) the EQ2 investment is carried as an investment on the investor's balance sheet in accordance with GAAP; (2) the EQ2 investment is a general obligation of Fahe that is not secured by any of Fahe's assets; (3) the EQ2 investment is fully subordinated to the right of repayment of all Fahe's other creditors; (4) the EQ2 investment does not give the investor the right to accelerate payment unless Fahe ceases its normal operations; (5) the EQ2 investment carries an interest rate that is not tied to any income received by Fahe; and (6) the EQ2 investment has a rolling term, and therefore, an indeterminate maturity (also known as an evergreen provision).

During the year ended June 30, 2013, the Organization received an EQ2 investment from Pinnacle Bank. This is a ten-year note, that beginning on the seventh anniversary of the maturity date and on each anniversary thereafter, unless the Organization ceases to be financially sound or ceases to carry out a community development mission, the maturity date is automatically extended by one year. This investment is to be used for single-family housing in Knoxville, Tennessee, allowing Pinnacle Bank to qualify for a CITC tax credit. This note had an outstanding balance of \$2,000,000 as of June 30, 2021 and 2020, respectively.

During the year ended June 30, 2017, the Organization received another EQ2 investment from Pinnacle Bank. The terms were modeled after the investment received in 2013. The investment is to be used for single-family housing in Blount County, Tennessee, allowing Pinnacle Bank to qualify for a CITC tax credit. This note had an outstanding balance of \$1,000,000 as of June 30, 2021 and 2020, respectively.

During the year ended June 30, 2019, Fahe received an EQ2 investment from Compass Bank for use in the state of Alabama. The equity equivalent had a balance of \$1,000,000 as of June 30, 2021 and 2020, respectively.

During the years ended June 30, 2021 and 2020, Fahe did not receive any additional EQ2 investments.

Fahe held notes payable to Wells Fargo (\$2,000,000), which use verbiage consistent with EQ2 funding, but does not meet requirement 6, having an evergreen provision. Fahe decided to take the conservative stance and report these notes as noncurrent notes payable on the Consolidated Statements of Financial Position. This note had balances of \$2,000,000 and \$2,000,000 as of June 30, 2021 and 2020, respectively.

Note 13 - Retirement Plan

The Organization participates in a 401(k) defined contribution plan established by Nationwide. Employees are eligible to contribute to the plan after 90 days of employment. The Organization matches on a sliding scale up to 4% depending on employee's contribution amounts. During the years ended June 30, 2021 and 2020, \$116,817 and \$103,279, respectively, was expended.

The Organization provides a 457 plan to eligible employees based on Board designation. During the years ended June 30, 2021 and 2020, \$32,685 and \$30,992, respectively, was expended and is included as a component of personnel expenses on the accompanying consolidated statements of functional expenses.

Note 14 - Operating Leases

During the year ended June 30, 2017, Fahe entered into a lease for office space in Berea, KY. The office in Berea is a rolling 1-year lease which was renewed through May 31, 2021 and does not contain a purchase option at the end of the lease. Fahe did not renew this lease during the year ended June 30, 2021.

Fahe also leases three vehicles and three copy machines on multi-year operating leases. The vehicles leases have terms of three years, which include the servicing and support in the monthly lease amount. The purchase option at the end of these leases is for the fair market value of the vehicles at that time.

For the years ended June 30, 2021 and June 30, 2020, total rental expenses under leases amounted to \$71,139 and \$39,820, respectively, and is reported as a component of occupancy expense on the accompanying statements of functional expenses.

As of June 30, 2021, Fahe was obligated under its operating lease arrangements as follows:

Fiscal year ending June 30,	Total
2022	\$ 50,625
2023	7,512
2024	6,886
	\$ 65,023

Note 15 - Commitments and Contingencies

The Organization receives federal and state grant funds that are subject to review by the granting agencies. If an agency finds that the funds are considered not to have been used in accordance with the purposes of the grant, the grantor may request a refund of such funds. The amount of future potential refunds, if any, is not expected to be significant.

The Organization has an agreement with the Tennessee Housing Development Agency (THDA) to guarantee New Start loans Fahe originated to finance only newly built homes. The loans are limited to an 80% LTV.

The Organization's management feels confident these loans will be repaid, but in the event of default they are fully secured by real estate due to the limitations on loan LTV and pose no additional liability to the Organization. As of June 30, 2021 and 2020, the Organization has a contingent liability of \$551,374 and \$582,620, respectively. The Organization no longer issues any new guarantees.

During the year ended June 30, 2011, the Organization entered into an agreement with the Department of Local Governments of the Commonwealth of Kentucky to implement a Neighborhood Stabilization Program (NSP) in the amount of \$632,000. Five notes were written on Fahe paper, using NSP grant funding.

As of June 30, 2021 and June 30, 2020, Fahe had committed, but undisbursed, credit lines totaling \$10,174,457 and \$12,682,961, respectively.

Note 16 - Concentrations of Credit Risk

Financial instruments that potentially subject the Organization to a concentration of credit risk consist principally of cash and cash equivalents and notes receivable. The Organization maintains cash balances in various financial institutions. The cash accounts are insured by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000 per depositor, per insured bank, for each ownership category. The Organization manages the cash position to mitigate and/or eliminate any associated risk. The Organization maintains a sweep account agreement to ensure that all balances above the FDIC limits are insured, in addition to holding a letter of credit from the FHLB to cover all accounts not eligible to earn interest.

The Organization provides mortgage loans primarily to low- and moderate-income individuals. Mortgage notes totaling \$27,905,713 and \$29,120,595 at June 30, 2021 and 2020, respectively, are secured by the property purchased or improved except as noted below as unsecured. These mortgage receivables are a concentration of credit risk. The Organization provides loans to groups to support the growth of low-income housing opportunities in its service area. Notes receivable totaling \$48,472,579 and \$31,648,770 as of June 30, 2021 and 2020, respectively, are secured by the assets of the Organization with the exception of the unsecured amount as noted. As of June 30, 2021 and 2020, \$713,013 and \$450,558, respectively, were unsecured. The unsecured loans are spread between the mortgages, notes and consumer loans receivable.

Note 17 - Consolidated Statements of Cash Flows

The following table provides a reconciliation of cash, cash equivalents, and restricted cash reported within the consolidated statements of financial position that sum to the total of the same such amounts in the consolidated statements of cash flows.

	2021	2020
Cash and cash equivalents	\$ 14,793,968	\$ 11,618,932
Cash unavailable for operations	4,091,778	2,898,250
	\$ 18,885,746	\$ 14,517,182

Note 18 - Portfolios Purchased

Fahe purchased two portfolios from one organization during the year ended June 30, 2021 and one portfolio from an organization during the year ended June 30, 2020. FAHThe portfolios were recorded at the outstanding principal balance. The gain on sale is recorded through Gain on Acquisition of Assets on the Statement of Activities. Interest income on these portfolios is recognized when earned. No future revenue has been recorded.

For the purchases during the year ended June 30, 2021, the total purchase amount was \$1,139,913. The gain on purchase of the portfolios recognized was \$282,689 and the loan loss reserve was increased \$14,370 to avoid overstating income and expenses for delinquent loans, for a total portfolio purchase of \$1,436,972. The total gain on acquisition of assets was \$352,309, which was due to the recognition of gain related to past portfolios that had been held in deferred revenue from past portfolio purchases.

For the purchase during the year ended June 30, 2020, the total purchase amount was \$2,060,277 and the gain on purchase of the portfolios recognized was \$653,286, as the loan loss reserve was increased \$34,723 to avoid overstating income and expenses for severely delinquent loans, a reserve for servicing costs of \$180,000 was also booked due to Fahe not being licensed in the state of Ohio and the interest rate being 0%, unable to offset future cost of servicing, for a total portfolio purchase of \$2,928,286. Total gain on acquisition of assets was \$768,968, which was due to the recognition of gain related to past portfolios that had been held in deferred revenue from past portfolio purchases.

Note 19 - Schedule of Liquidity

The following table shows the Organization's financial assets, reduced by amounts not available within one year. Certain financial assets are designated as illiquid when they are unavailable as cash within a year, have donor restrictions, or held in reserves for others.

The Organization's goal is to maintain liquid financial assets for 90 days of operating expenses and obligations. As part of its liquidity plan, any excess cash is held in a reserve account. The Organization has access to revolving lines of credit in the amount of \$11,000,000 in the event of unanticipated cash flow needs.

The following is the detail of the Organization's liquidity as of June 30:

	2021	2020

Note 20 - Coronavirus (COVID-19) Impact

Prior to June 30, 2020, the World Health Organization declared the coronavirus (COVID-19) outbreak to be a pandemic. COVID-19 continues to spread across the globe and is impacting worldwide economic activity and financial markets. The continued spread of the disease represents a significant risk that operations could be disrupted in the near future. The Organization was shut down to clients without appointment from March 17, 2020 through June 30, 2020. The Organization dropped down to a skeleton crew in the main office and allowed staff to telework while receiving full pay and benefits. At the current time, the in-office staff is back to full capacity. Management will continue to monitor the changing landscape and is prepared to limit staff to those required for transactional capacity and maintaining internal controls and segregation of duties that cannot be performed from home, if conditions change negatively. The Organization continues to work through systems and technology advancements to allow more of the transactional work to be done remotely. The extent to which COVID-19 may impact the Organization will depend on future developments and government regulations, which are highly uncertain and cannot be predicted. As a result, the Organization has not yet determined the impact this disruption may have on its financial statements for the year ended June 30, 2021, beyond the increase in the allowance for loan loss in anticipation of borrower default made at the end of fiscal year 2020, and still maintained as additional allowance.

Note 21 - Subsequent Events

Management of the Organization has considered subsequent events through September 30, 2021, the date this report became available for issuance.

FEDERATION OF APPALACHIAN HOUSING ENTERPRISES, INC.
NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
JUNE 30, 2021

NOTE A - BASIS OF PRESENTATION

The accompanying schedule of expenditures of federal awards (the "Schedule") includes the federal grant activity of Federation of Appalachian Housing Enterprises, Inc., under programs of the federal government for the year ended June 30, 2021. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* ("Uniform Guidance"). Because the Schedule presents only a selected portion of the operations of Federation of Appalachian Housing Enterprises, Inc., it is not intended to and does not present the financial position, changes in net assets or cash flows of Federation of Appalachian Housing Enterprises, Inc.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following, as applicable, the cost principles contained in OMB Circular A-122 or the cost principles contained in the Uniform Guidance wherein certain types of expenditures are not allowable or are limited to reimbursement.

NOTE C - INDIRECT COST RATE

Fahe has elected to use the 10-percent de minimis indirect cost rate as allowed under the Uniform Guidance.

NOTE D - INSURANCE

The Organization carried insurance coverage during the entire year in amounts sufficient to or in excess of required levels, including coverage for general and professional liability, real and personal property, workers' compensation and fidelity bonding of employees who have access to funds.

NOTE E - COMMUNITY DEVELOPMENT FINANCIAL INSTITUTIONS BOND GUARANTEE PROGRAM (CFDA 21.014)

The CDFI Bond Guarantee Program (BGP or Bond Program) was enacted through the Small Business Jobs Act of 2010 (Public Law 111-240) on September 27, 2010. The legislation directs the U.S. Treasury to guarantee the full amount of bonds issued to support community development financial institutions (CDFIs) that make investments for patient capital to CDFIs. The Federal Financing Bank, a financing arm of the U.S. Treasury, will purchase all of the bonds issued under the BGP, including the Opportunity Finance Network ("OFN") Bonds, (detailed below) and the U.S. Treasury will guarantee repayment. The OFN bonds will not be remarketed or sold to any their investors.

In 2015, the CDFI Fund approved OFN to serve as a Qualified Issuer and issue a bond totaling \$127,000,000 on behalf of the Organization and six other CDFIs. Fahe's portion of the issuance was \$15,000,000. During the year ended June 30, 2021, proceeds of \$6,972,637 were drawn by Fahe from this issuance and \$638,065 repaid. The outstanding balance as of June 30, 2021 was \$14,099,617.

In 2019, the CDFI Fund approved OFN to serve as Qualified Issuer and issue a bond totaling \$100,000,000 on behalf of Fahe and two other CDFIs. Fahe's portion of the issuance was \$20,000,000. During the year ended June 30, 2021, proceeds of \$7,400,000 were drawn by Fahe from this issuance and no amounts were repaid. The outstanding balance as of June 30, 2021 was \$7,400,000.

NOTE F - USDA COMMUNITY FACILITIES RELENDING PROGRAM (CFDA 10.766)

In 2016, Fahe was awarded an allocation of \$50,000,000 through USDA's Community Facilities Relending Program. During the year ended June 30, 2021 \$2,350,000 of proceeds were received by FAHE from its allocation and \$22,773 was repaid. As of June 30, 2021, \$2,488,249 was outstanding.

Independent Auditor's Report on Internal Control over Financial
Reporting and on Compliance and
Other Matters Based on an Audit of Financial Statements Performed
in Accordance with *Government Auditing Standards*

To the Board of Trustees
Federation of Appalachian Housing Enterprises, Inc.

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the consolidated financial statements of Federation of Appalachian Housing Enterprises, Inc., which comprise the consolidated statement of financial position as of June 30, 2021, and the related consolidated statements of activities, functional expenses and cash flows for the year then ended, and the related notes to the consolidated financial statements and have issued our report thereon dated September 30, 2021. The financial statements of certain subsidiaries were not audited in accordance with *Government Auditing Standards* and accordingly, this report does not include reporting on internal control over financial reporting or instances of reportable noncompliance associated with those subsidiaries.

Internal Control over Financial Reporting

In planning and performing our audit of the consolidated financial statements, we considered Federation of Appalachian Housing Enterprises, Inc.'s internal control over financial reporting ("internal control") as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the consolidated financial statements, but not for the purpose of expressing an opinion on the effectiveness of Federation of Appalachian Housing Enterprises, Inc.'s internal control. Accordingly, we do not express an opinion on the effectiveness of Federation of Appalachian Housing Enterprises, Inc.'s internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control such, that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control, that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weakness may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Federation of Appalachian Housing Enterprises, Inc.'s consolidated financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the consolidated financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of the report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Federation of Appalachian Housing Enterprises, Inc.'s internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Federation of Appalachian Housing Enterprises, Inc.'s internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Bethesda, Maryland
September 30, 2021

Independent Auditor's Report on Compliance for Each Major Federal Program and on
Internal Control over Compliance Required by the Uniform Guidance

To the Board of Trustees
Federation of Appalachian Housing Enterprises, Inc.

Report on Compliance for Each Major Federal Program

We have audited Federation of Appalachian Housing Enterprises, Inc.'s compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of Federation of Appalachian Housing Enterprises, Inc.'s major federal programs for the year ended June 30, 2021. Federation of Appalachian Housing Enterprises, Inc.'s major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Federation of Appalachian Housing Enterprises, Inc.'s major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* ("Uniform Guidance"). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Federation of Appalachian Housing Enterprises, Inc.'s compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Federation of Appalachian Housing Enterprises, Inc.'s compliance.

Opinion on Each Major Federal Program

In our opinion, Federation of Appalachian Housing Enterprises, Inc. complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2021.

Report on Internal Control over Compliance

Management of Federation of Appalachian Housing Enterprises, Inc. is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Federation of Appalachian Housing Enterprises, Inc.'s internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Federation of Appalachian Housing Enterprises, Inc.'s internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
