

Fahe INSPIRE Transformational Employer Program

Employer Interest Survey

Transformational employment serves as a vital step for sustaining long-term recovery in individuals who have completed Substance Use Disorder (SUD) treatment. Through transformational employment, we can connect our neighbors with meaningful employment opportunities, work together to erase the stigma associated with SUD recovery and strengthen communities across eight counties in Eastern Kentucky as individuals share their skills and talents in meaningful employment opportunities.

If you are interested in learning more about transformational employment and tapping into a pool of potential employees, please fill out this interest survey and return via email to jhumes@fahe.org. For more information, please contact Jacob Humes at the email address above.

Briefly **describe** your business and **list** the employment opportunities you offer.

Are you willing to accept applications for employment from persons who have successfully completed a 12-month internship program designed for people progressing through substance use disorder (SUD) treatment and recovery?

Yes, I am willing to accept and consider applications for employment from persons who have successfully completed a 12-month internship program designed for people progressing through SUD treatment and recovery.

Do you have experience with Transformational Employment (also referred to as Fair Chance Employment or Second Chance Employment)?

Yes **No**

If yes, please describe your experience(s).

**Which of the following options are of interest to you/your business?
(Please check all that apply.)**

- Ability to contact other employers who have had successful experiences.
- Option to work with a temporary employment agency that offers wrap-around services for applicants exiting substance use disorder treatment.
- Option to work with a support agency that offers wrap-around services for applicants exiting substance use disorder treatment.
- Access to web-based resources to help understand how best to support employees returning to part-time or full-time work after SUD treatment.
- Participate in a small cohort of employers who are committed to prioritizing transformational employment. *(Interest gauge for future offerings.)*
- Participate in future internship opportunities for people actively moving through SUD treatment as part of their recovery process.
